

# HAPPY EASTER

MOUNT CARMEL HIGH

AUBURN, N.Y.

VOL. 1 TUESDAY, MARCH 24, 1964

No. 8

## Jolly Rollie and Twisters Big Hit!

The St. Patrick's Day Dance slated for Wednesday, March 18, will kick off the Spring Weekend to be held at Mt. Carmel from March 18-20. The weekend, sponsored by the C.S.M.C. for the benefit of the missions, will also include intramural sports games and the annual Varsity-Faculty Game.

At the St. Pat's Dance the students (also the Wee People) will dance to the music of Jolly Rollie Fowler and Sam and the Twisters from 8 to 11 o'clock.

Thursday afternoon the intramural games, which are open to the public, will be played. The senior and junior girls are scheduled for volleyball, the boys for basketball.

Friday night at 8:00 p.m. the annual battle between the Varsity and Faculty teams will begin.

All proceeds will be contributed by the C.S.M.C. to the mission drive now in progress in the school.

## Girls Plan ahead

March is the time of year that the seniors who have applied to go away to school next year, begin to hear from the colleges and schools in regard to whether they were accepted or not.

A poll was taken March 11, to see what senior girls were accepted as yet and where they were going next year. Anne Marie Steigerwald was accepted at Auburn's own A.C.C. Six of our Senior girls were accepted by Nazareth College, in Rochester: Eileen Scanlon, Anna Walton, Mary Scollan, Mary Pat Hollman, Charlene Zambito and Ann Greene. Three girls were accepted at Cortland State Teacher College: Margaret Anderson, Susan Cahill and Barbara Deyneka. Next year Margaret Brennan and Elizabeth McQueeney will go to Saint Mary's Nursing School in Rochester. Dolores Sroczyk was accepted by Fredonia State Teachers College, Ann Mulvey by Albany State, Gail Asam by St. Bonaventures, Carol D'Augustino by Eastman Dental School, Joanne Walczyk by the University of Buffalo, Mary Guiney by St. Joseph's Nursing School in Syracuse, Karen Greeley by Syracuse University, Susan Weaver by Morris Harvey College in West Virginia, and Lyme Kerry by Robert Packard in Pennsylvania.

continued on next column  
Page 1

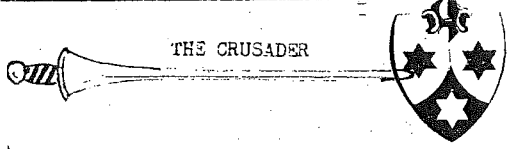

Of course this list is far from complete yet. Many of seniors will be hearing from their colleges or Nursing school in the near future but these are the few lucky seniors who can breathe a sigh of relief and say, "at least I've been accepted."

## SENIORS DOWN FACULTY

Roger Beer (5) gets tap away from Fr. Kenneth in one of the exciting moments of the Faculty-Senior game. (Story on page 6).

EDITORIAL SECTION

THE CRUSADER

The Crusader is published every other week during the academic year at Mount Carmel High School, Auburn, New York, conducted by the Carmelite Fathers. Opinions expressed herein are those of the student editors, and not necessarily those of the faculty or school as a whole. The Crusader is a member of the Catholic Press Association.

# A THOUGHT FOR EASTER

"HE DIED FOR US"

God forbid that the Communists should ever take over this country. Yet let us suppose for a moment that they have.

Communist soldiers have occupied Auburn and we are all living in fear. Only this morning, you walked down South Street and we saw a group of soldiers in front of the Auburn Savings Bank, about to put a man to death. You walked up a little closer and were horrified to see that the man was your own parish priest. His black suit was a little ruffled and even blood-stained. Yet he smiled a half smile when he saw you.

A woman beside you was crying. She said:

"He is dying for us."

The soldiers raised their rifles, fired. It was all over. The body of your priest lay crumpled on the sidewalk. Inside you felt very empty and staggered home.

This is a make-believe story. Yet, if it ever should happen, you know you would never forget it.

Now let us consider a true story. We all know this story but, unfortunately, we often forget it.

The place is Jerusalem. The year is 33 A.D. We are standing by the gate of Ephraim and watching a group of soldiers as they bring a man outside the walls to kill him. We see the man now. He is carrying a cross. His white robe is ruffled and blood-stained. He raises a tired face and smiles at us -- a half smile. Many people are crying, including his mother and a young man with her. His mother turns, fixes her eyes on you and says:

"He is dying for us."

We all know the rest of the story. Let us try to recall this picture often during Holy Week. The whole purpose of Holy Week is to make us realize that Christ died for us so that we could be free from sin and go to Heaven. Let each one of us say to himself or to herself several times on Good Friday and even on Easter Sunday:

"Christ is God. He came from heaven to die on the cross for me."

A grateful heart is a happy heart and we should certainly be grateful to Christ. He has certainly done more for us than any priest could ever do by dying for us before the door of the Auburn Savings Bank.

Fr. Kenneth McElligott, O. Carm.

## Mixed Classes??

Of late, I have noticed certain factors concerning the relationship existing between the boys and girls of Mount Carmel. One day last week a group of 50 seniors, 25 boys, and 25 girls, met in the foyer to have an informal picture taken that was to be in the yearbook.

The person in charge said, "Just mingle and act natural." How could this be possible? As seniors, we have never mixed or mingled with each other during school hours for the past four years. This instance, I think--and I believe many others will agree--is typical of the boy-girl relationship at Mount Carmel. This same relationship is visible at many of the school dances and extra-curricular activities.

I am not against the present system of classes. As a matter of fact I am completely in favor of separated classes. It offers a better chance for the boys and the girls to concentrate and have a freer feeling to ask questions, and express their opinions, whereas if the classes were mixed, there might be a hesitancy because of shyness or some other reason.

However, I do not see any reason why boys and girls could not eat lunch together. This would really give the students a chance "to mingle and act natural." Many friendships would be started during this half-hour, as we would be given a great opportunity to meet and really get to know our classmates.

Having this mixed lunch period would also save a great amount of work for Fr. Paschal, in that he would not have to threaten the boys any more concerning the condition of the cafeteria. If the boys were eating with the girls, they would act like perfect gentlemen, and I'm sure the cafeteria would be spotless.

Many of the students graduate and never really know their classmates, because they never get to see them, and talk to them. The only ones they really know are those that are in their particular "clique."

I think it is very good that the faculty cares enough about us to prevent anything bad from happening before it gets started. However, I think that in some things, they are being over-protective in not allowing a good boy-girl relationship to exist in Mount Carmel. And by doing so I think they are in a way, going against nature's laws, because it is only natural that boys and girls should be together. It is the way God made us.

There are also many people who wonder what is wrong with the school spirit at Carmel. So to leave everyone with a thought, I wonder if the school spirit would increase if there was a better boy-girl relationship.

A CONCERNED SENIOR

Mixed classes, an unprecided novelty at Carmel this year was the topic of a recent discussion among several junior girls.

Although many students pretend to mind having separate classes for boys and girls, when they were asked if they would rather have mixed classes, the majority of the girls answered negatively.

A few of the answers given by the girls when asked their opinion of mixed classes, and the reasons for their opinions, were:

Kitty Gard-I wouldn't like them because we'd really be masquerading and not acting naturally, so we wouldn't get to know the real people."

Frances Damick-I wouldn't be able to concentrate in a mixed class."

Barbara La Rosa- "No, I wouldn't want mixed classes because it would be too much of a distraction."

Kathy Falgitano- "I don't know whether I'd like them or not because I've never been in one."

From the opinions of these girls, and others asked the same question, it seems that, on the whole, everyone is against mixed classes. Many say they would like to try them for awhile, but would not like to have them permanently.

In my opinion, there are both pros and cons on the subject. On the negative side, it seems to be the general thought that we wouldn't concentrate completely on our studies. On the affirmative side, they would enable us to become better acquainted with the priests and brothers, since they would teach some of us. Also, we would benefit from the boys' opinions and ideas and learn the masculine point of view, whereas we are now limited entirely to the feminine point of view in our classes.

Elaine Giannettino

The thought of having mixed classes has been on the mind of most of the students of this school at one time or another, I am sure.

Jokes are often heard around the school about our great "segregation laws," and I imagine that there are times when we all wish that the classes were mixed.

But when you come right down to it, I don't think that the majority of students would be happy or satisfied in a mixed class.

Kathy Mahoney

Much of the griping done at Mount Carmel has to do with mixed classes - mainly the absence of them. As a normal red-blooded American boy, I would have to say that I favor mixed classes. On the other hand, I must admit that there are several good reasons for having the boys and girls separated.

First of all (in case you haven't noticed) boys and girls are different, not only physically but also psychologically. For this reason different approaches are needed in the classroom. (Imagine having girls in Father Mark's class) Furthermore, discussion of certain topics is much easier in a segregated class than in a mixed class. Some of these topics are very important and of necessity must be covered.

Getting away from the academic side, let's consider there would be even a discipline problem. If we had mixed classes there would be even more showing off going on than there is now. Brother Michael's study hall would probably resemble Guadalcanal.

School would become less interesting once the novelty of mixed classes wore off. The happy expectation of receiving a note from your boyfriend or girlfriend or seeing him or her after school would be gone. The weekend would also become less interesting for this reason. If you're in the same classes with girls all week long, it's no big deal to see them on the weekend. In summing up then, segregated classes seem to be the most practical arrangement at Carmel.

Ralph Caruana

I feel that mixed classes are a great hindrance to the development of higher education. In a mixed class it is impossible to give your full attention to your studies and your teacher. Your mind may be on a hundred and one other things. For example, you may have part of your mind on a certain boy or girl who is sitting next to you and the other part is figuring out how to start a conversation with him.

When there is segregation between the boys and the girls, in a school, a student will find it much easier to keep his mind on his studies and will also find it easier to discuss certain subjects with his teacher.

Therefore I strongly feel that mixed classes should be done away with in all schools and be replaced with a policy of segregation.

Sandi Scala

Eight seniors, members of mixed classes in freshman year, were polled recently concerning their feelings about coeducation. In general, the girls polled were in favor of them while the boys felt that separation was necessary.

Pat Foster- "I like them because the priests mark higher."

Anne Greene- "I like both kinds. Girls and boys, however, need to be educated differently in some areas, and in math and science separation is definitely needed."

Mary Scollan- "I think they're good, but I wouldn't want them all to be mixed. One or two, however, add variety."

Betty Lou Catalfano- "I thought that it was very good to have mixed classes because it gave the students a better chance to mix and become acquainted."

Roger Beer- "They're better separated than mixed because we're too young and are apt to pay more attention to the surroundings than to the subject being taught."

Jim Gleason- "I think it's more fun without mixed classes; with them, the teachers don't have as much freedom."

Steve Coleman- "They're better separated, except for seniors. In mixed classes you can't discuss subjects you could in separated classes. However, too much separation would cause other problems."

John Conkright-- "Personally, I prefer mixed classes, but we'd probably never graduate."

Eileen Scanlan

Recently, there have been many varying opinions both in local newspapers and in personal conversations concerning the bill which would give state aid to parochial schools.

I would like to take this opportunity to ask the whole-hearted support of the students in backing this bill. This program would prove to be most beneficial to the students of Mount Carmel, but as it does not come up as a bill until November, it is necessary to keep the issue alive.

I beseech the students to keep this issue alive, to make it an open topic for discussion and to continue writing letters to your representatives, until it is brought to a vote.

Jim Shea

# Cheerleaders Corner

# Faculty Poll

# GADABOUT GETUSE

MARGARET BRENNAN

"Cheerleading has proved to be one of my most enjoyable activities at Carmel," stated Margaret Brennan who has been chosen by the Crusader as Cheerleader of the Week. Margie has been a cheerleader since her sophomore year and has also been a member of the Cheerleaders Club.

She has been a member of the Sodality and she worked on the Decoration Committees for the sophomore Bunny Hop and junior prom. Amond Margie's outside interest are water skiing, swimming, and ice skating.

Margie is the daughter of Mr. and Mrs. Thomas J. Brennan, Jr., of 116 South Hoopes Ave.

### DID YOU KNOW?

...The faculty was a heavy favorite in the great upset, but it's rumored Fr. Mark "fixed" the scoreboard.

...Ed Kunkel and Rich Pinckney, coaches for the Varsity, used a strategy known as "fair cheating, and it worked!

In a recent interview each of the men faculty was asked: What is the greatest change in the student body since you were in high school and the present one? Here are some of the answers:

Fr. Ambrose: "In those days, way back, we used to hate our teachers for making us work. Now the student body doesn't seem to know the teachers exist."

Brother Michael: "I see no change because we were just as bad then as we are now."

Father Mark: "Everything has changed for the better."

Father Kenneth: "There were not as many extra-curricular activities, but I think we appreciated more the few we did have."

Mr. Foster: "Nowadays there is a lack of respect for teachers, religious, and fellow students. Also a dominant idea amond some students today is the concept of "everyone owes me something, yet I have no obligation in return."

Bro. Aquinas: "The students seem segregated from the faculty with a constant complaining, "things aren't being done for me"-I'm not allowed to do a thing."

Mr. Courihan: "The extra-curricular (social) aspect of school seems to have become more dominant in the lives of students, sometimes to the detriment of the academic."

Fr. Daniel: "The apparent goodness and willingness to work that is displayed by the teen-ager of today can in no way be compared to similar qualities (or should I say the lack of them) found in the teen-ager of my day. From my experiences in dealing with them, I am left with the one conviction, and that is, that "Nothing is too good for them."

Further comments remain to be printed from the faculty.

# Math Contests Held

## NATIONAL MATH CONTEST

On Thursday, March 5, ten seniors participated in a national Mathematics contest sponsored jointly by the Mathematical Association of Actuaries.

Prizes are awarded both to individual students and to schools. A school's score is determined by its top three scores.

Those who took part in the contest were: Mary Scollan, Patricia Foster, Marianne Doyle, Karon Greeley, Steve Coleman, Vincent Indelicato, James Gleason, David Walsh, Joseph Trila, and John Masley.

## SU MATH CONTEST

John Masley placed first in a mathematics contest on Saturday, March 14, sponsored by Pi Mu Epsilon, the Mathematics Honorary Society at Syracuse University. First prize was a full tuition scholarship to Syracuse University and a set of books. The second, third, and fourth place winners were also awarded prizes.

Seventy-seven Central New York seniors took the three hour test. After lunch, the group saw some of their papers corrected by an IBM 1401 computer.

While the final results were being tabulated, Dr. Erik Hemmingson, SU professor, spoke on "What to Expect in College Mathematics." Dr. Donald Kibbey, Chairman of the Mathematics Department at SU, then announced the winners and presented the awards.

Since John has already accepted a scholarship at the university of Notre Dame the scholarship will be split up among the other top winners according to need until the full scholarship is dissipated.

# To Be, Or Not To Be?

On Monday, March 2, an assembly was held here in the Gym at Mount Carmel. The speaker was a Capuchin priest, Fr. Anthony.

He described his life as a Capuchin, and then gave an introduction to the film which he had brought.

The film itself described the life of a young boy with a slight inclination to the priesthood to the day of his ordination as a Capuchin priest. The boy after talking it over with his parish priest and his parents, decides to visit the seminary during Open House, held annually by the Franciscans. After this visit, he decides to enter the following September. From then on, the film describes his life in the seminary from his schooling to his ordination.

## SENIORS DOWN FACULTY (continued from page 1)

In a well played nip and tuck contest, the youthful senior lettermen paced by the consistent all-around performance of Johnny Baker managed to eke out a 44-36 decision over a not so youthful but obviously experienced faculty quintet.

The scoring developed slowly in the first stanza as both teams couldn't seem to find the range. However the seniors displayed stellar boardwork and good ball control.

The faculty showed spurts of brilliance with Fr. Kenneth and Mr. Didio dominating most of the action.

There were 2 casualties. Mr. Didio suffered a pulled muscle in the second quarter which slowed him down con-

# Nazareth Scholarship Winners

Nazareth College in Rochester has offered three scholarships to Mount Carmel seniors in order to help them to finance a college education. The girls who won this award are Mary Scollan, Charlene Zambito and Marianne Doyle.

Mary, when asked about her feeling concerning this honor stated, "I am very grateful for the scholarship will be a great asset to my college education." She plans to take a pre-med course and work somewhere in the Medical field. As far as specializing, Mary quite hasn't made up her mind. She is an active member of the Cheerleading Club, and Pep Rally Committee. She also won a New York State Regents Scholarship.

A 2000 dollar scholarship was awarded to Charlene who felt very thrilled to be a recipient of one of the Nazareth scholarship. "I am very grateful for the honor," she stated. Charlene won the Bishop's oratoricals in 1963 and placed second in the American Legion Oratoricals both last year and this year. She is president of the Speech Club and had the lead in the senior play.

Marianne Doyle who is the third recipient of a Nazareth Scholarship for 2000 also feels very grateful at receiving this honor. Marianne who is also receiving a New York State Regents Scholarship and Nursing Scholarship plans to be a bio-Chemist. After college graduation she plans to work in the research field.

siderably. Fr. Malachy was accidentally struck above the eye by John Baker's elbow in the last 40 seconds of the game. He received 8 stitches for the cut at Mercy Hospital.

After the game most of the faculty said, "Wait 'till next year!"  
(turn to pg. 7 for pictures)

# SPRING SPORTS BEGIN

## Baseball Coming

The newly-formed Mount Carmel Baseball team, under the management of Mr. Arthur Foster, which won all its season's games last, will attempt to carry on in tradition this year.

The six returning starters from last year are: Bill Dolan, Dennis Zanowick, James Walsh, Anatole Yarko, Ed Kunkel and John Baker

### ONLY TWO SENIORS

Kunkel and Baker are the only two returning seniors from last year. The two led the club in hitting and held the team's defense together.

The season's agenda will feature 12 to 15 games, playing at least one-half of them at home. The home games will be played at Falcon Park.

### NEWCOMER

In addition to the six returning starters from last season, Gene Hockeborn a transfer from East High School, will join the team. Hockeborn previously has played three years of Baseball before coming to Carmel.

All players on the club have played previously in city leagues such as the Babe Ruth League. Outfielder Johnny Baker is the only member of the team that played in the George Hookes Wiltse League.

John Baker and Edjie Kunkel the two returning Seniors and the two leading hitters on the club, pose in the gym.

## Cheerleaders Tournament

Cheerleaders Tournament Mount Carmel Varsity and Junior Varsity Cheerleaders are again practicing and working daily in anticipation of the annual New York State Catholic Youth Organization Cheerleading Tournament, in which they will participate on April 11 in Rochester.

This will be their fifth year of statewide competition and they are the favor-

ites, as they copped first place last year in both the Varsity and Junior Varsity divisions. In the past four years they have brought home eleven trophies.

The competitors are made up of 1000 girls from approximately 100 public and parochial schools from such cities as Rochester, Utica, Ithaca, Binghamton and Buffalo. The teams are judged by trained and qualified teachers and coaches from the contending and surrounding schools.

## Weight Lifting

This year Mount Carmel is featuring a weightlifting program for the benefit of next season's athletic teams. This does not exclude any other student from participating in this program because it is considered a good health measure for everyone.

Mr. Didio is monitor of this group and has stated that the importance of this program will depend solely upon the individual person himself.

Ed Kunkel, a Senior, works out in the gym.

Tom Dolan Nets 27

# Sharpshooting Elmirans Defeat Mt. Carmel 93-67

March 9, 1964

A blistering second half shooting performance sparked Notre Dame of Elmira cagers to a 93-67 victory over Mount Carmel yesterday afternoon in the opening round of the Diocesan Basketball Tournament played at the Carmel court.

The Irish cagers, who came here with a brilliant 15-2 record, were held well in check the first half by the scrappy Crusaders of Carmel and held only a 35-32 halftime lead.

ND took a slim 17-14 margin in the first period with Bill Knott and John Rosplock pacing the learders while Ron Wood, Capt. Tom Dolan and his brother Bill had two buckets apiece for Carmel.

The visitors pulled away by 10 points midway in the second stanza as 6-5 John Barnoski tipped in a pair of rebounds and ace scorer Ron Limoncelli sank these jumpers.

However, the Crusaders closed the gap in the last two minutes on three quick buckets by Tom Dolan.

Limoncelli drove for a two pointer but Tom Dolan dropped a foul shot and Roger Beer flipped in a dcuble becker from long range to cut the lead to three points at the intermission.

With Knott, Limoncelli and Len Johnston leading the attack, Notre Dame went out in front 59-48 at the end period.

Capt. Tom Dolan was the outstanding scorer for coach Dave Didio's Carmel cagers with 27 points. Brother Bill tallied 15 while Neil Salvage collected 10.

Pat Parisi no. 24 grabs a rebound away from no. 22 of Notre Dame while an unidentified Carmel player looks on.

**THE CRUSADER WANTS YOU!**

If you would like to work for the Crusader, please contact Fr. Kenneth or John Masley. If you are interested in writing or photography or printing, there is a place for you on the Crusader staff.

## SENIOR GIRLS VICTORIOUS

Carmel's adept, femme fatale senior basketkeers, displaying their most proficient fettle of the campaign, eked out a much-deserved 15-13 victory over a scrappy but obviously inexperienced junior aggregation.

Paced by the brilliant rebounding of elongated Mo Schneider and the agile backcourt work of elusive Margie Anderson and aggressive Anna Walton, the veteran sextet ripped the meshes consistently, running up five of their fifteen counters in the first two cantos of action. Utilizing an effective full-court press and a 1-3-1 with a high post pivot girl, the senior contingent, much to the delight of the myriads of onlookers, dominated the final two stanzas, stuffing three double deckers and four charity tosses through the hoop before the final whistle reverberated. As an impressive off shoot of Roger Beer's black sneakers, Mary "Push-shot" Scollan had the unmitigated gall to enter the game sporting black knee-sox. Nevertheless, her timely marker more than compensated for any glory-seeking escapade she might have attempted.

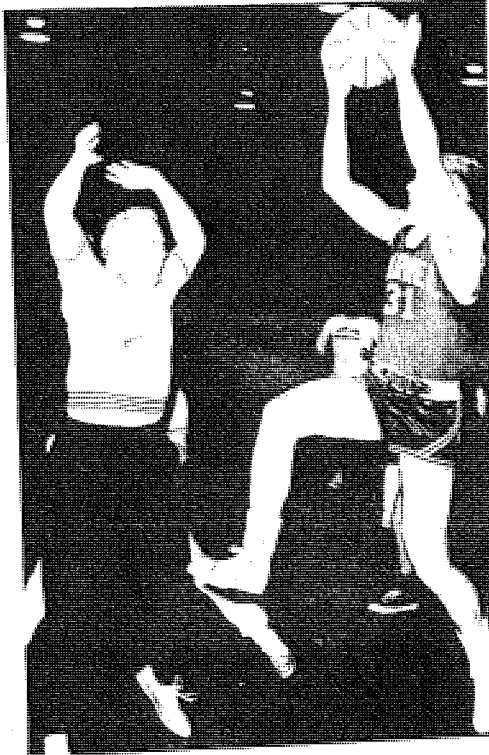

Chick Schneider, the epitome of drive and determination, was the big gun for the victors with a field goal and a driving layup, the last of which clinched the decision for the senior sportsmen. Margie Anderson, showing fine potential, took runner-up honors with three points. Karen Creeley, Anna Walton, and Mary Maywalt also hit for two counters.

For the down-trodden losers, Rory Gallaro led the field with seven. Kathy "the Hatchet" Murphy and Kathy Alexander accounted for the remaining six points.

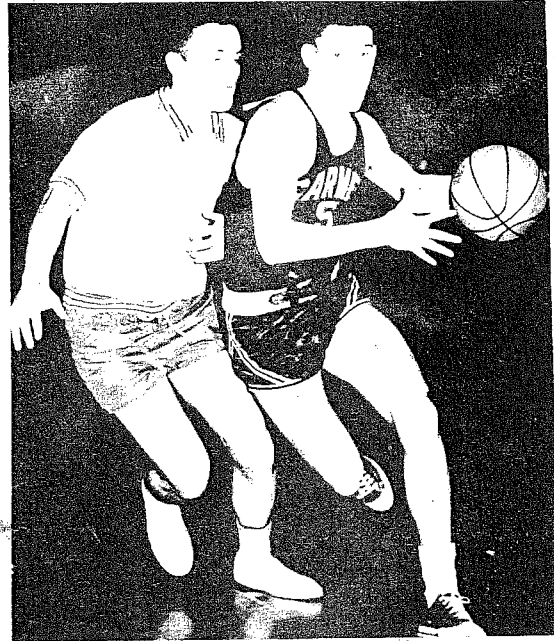

DEAR FACULTY:

**EVEN IN YOUR OLD-AGE,  
WE APPRECIATE YOU!!**  
you can't win all the time

John Baker hits for two of his 22 points that he scored in the varsity's victory over the faculty.

Kevin Beer drives around Father Bennett in an attempt to score.
